Overview

I am a full-stack web developer with a Master of Science (M.S.) in System Software from Zhytomyr State Technological University and more than 10 years of professional working experience.

Detail-oriented person, used to solve problems in a best way. I'm skilled at Symfony stack technologies with PHP, Doctrine, MySQL, Twig and client-side development that can include HTML, CSS, JavaScript, jQuery, SCSS or something similar.

Have developed a variety of different web applications from single-page websites to complex full-stack systems with own API. Check out my portfolio for more details.

Technology Summary

Programming: PHP5\7\8, Symfony2\3\4\5\6, Doctrine2, Twig, Javascript, jQuery, XML, MySQL, HTML\5, CSS\3, SCSS

Systems: Unix, Linux, Windows (all), Macintosh OS X (all)

-

Professional Experience

OKINTERNET (*Digital agency*) — Kyiv, Ukraine

Junior / Middle developer, 2011 to 2014

I began as a junior web developer. I was surrounded by lots of talented developers at work. OkInternet was a fast-growing company that took over a large part of internet industry in Ukraine. I learnt very fast and as a result, in a short period of time I became a middle developer.

DIGITAL MAFIA (*Web studio*) — Zhytomyr, Ukraine

Senior web developer, 2014 to 2016

I worked on creating and customizing web applications and tools using advanced development and coding

techniques. I was responsible for managing all phases of application development – from prototyping and coding to system testing, integration and deployment.

LE GUIDE NOIR — Madrid, Spain

Senior full-stack web developer, 2016 to 2021

I became a part of professional international team and got an opportunity to take part in ambitious technological projects in fashion industry.

AVEKAPETI — Paris, France

Senior full-stack web developer, 2021 to 2023

I joined a professional French startup to develop a lot of complex internal tools and to improve automation of business processes.

Education

ZHYTOMYR STATE TECHNOLOGICAL UNIVERSITY | **MS in System Software**, 2014 — 2015

ZHYTOMYR STATE TECHNOLOGICAL UNIVERSITY | **BS in Software Engineering**, 2010 — 2014

Language skills

Ukrainian — native
